Poll: Which of the following is a pain point for your organization's public record process?

1. Volume of records requests.
2. Cross-departmental coordination.
3. Lack of centralized platform for responses.
4. Other (share in chat).

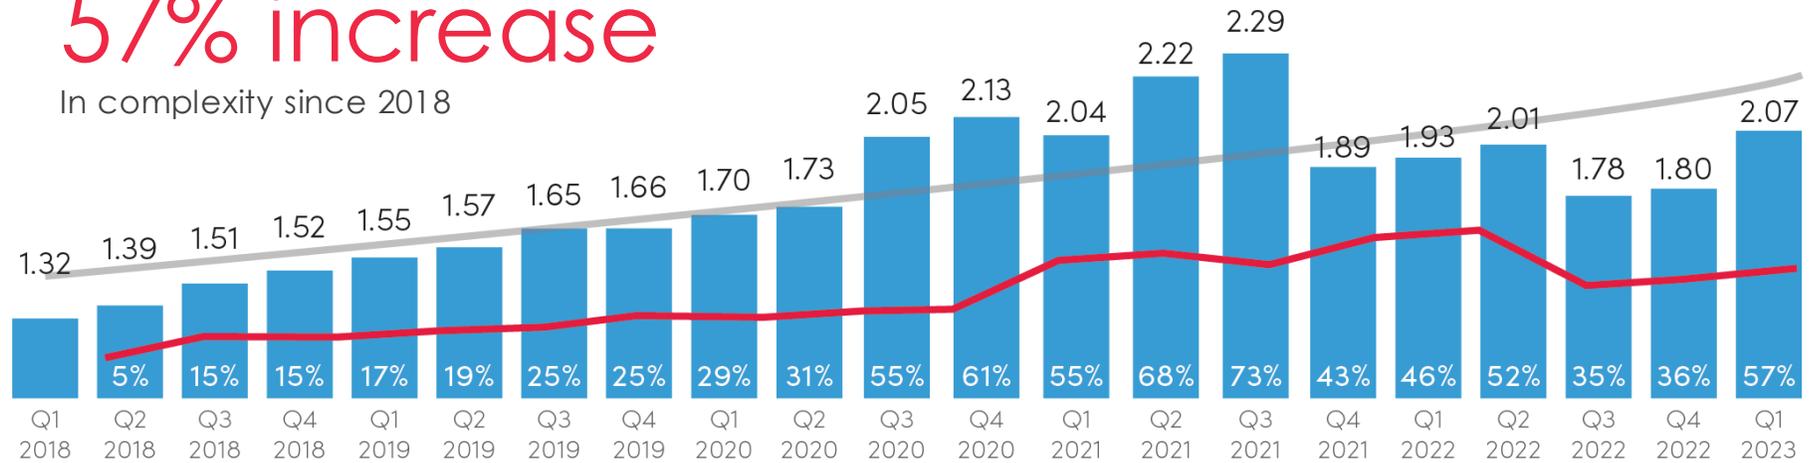

Is Your Job Getting Harder? Yes!

Managing Records Requests is a Significant Challenge
Public Records Complexity Increasing

57% increase

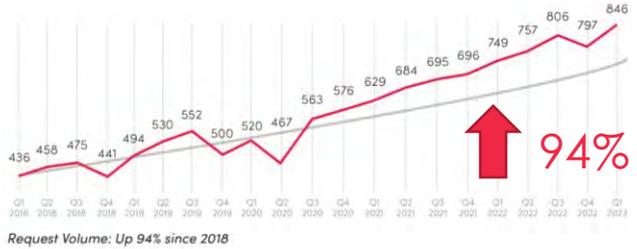

In complexity since 2018

The Public Records Complexity Index: Up 57% since 2018, peaking at 73% increase in Q3 2021

Complexity Metrics

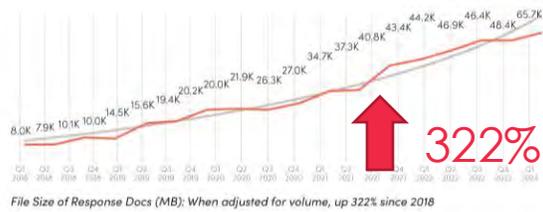

The component figures that make up the Index

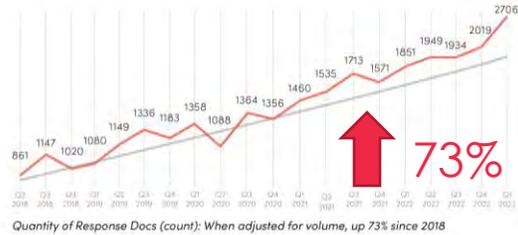

Request Volume

Records Markers:

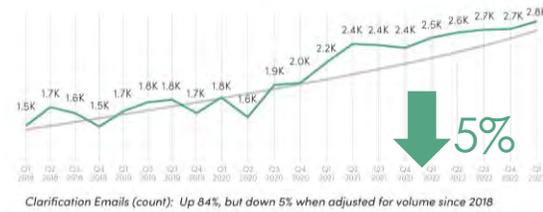

Activities Markers:

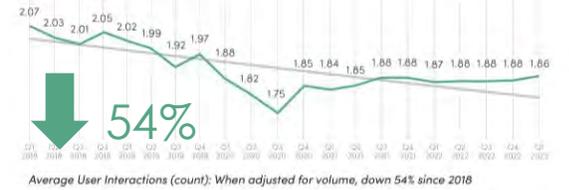

Size of Files

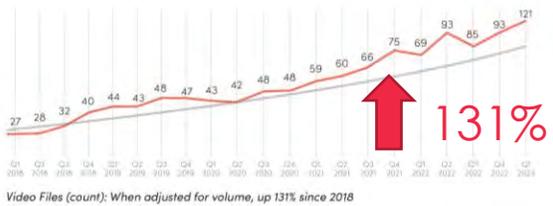

Quantity of Files

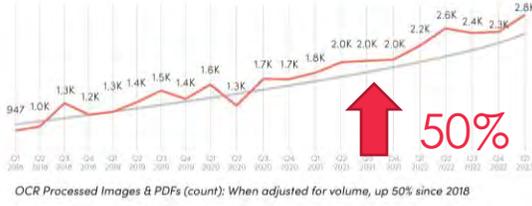

Clarification Workload

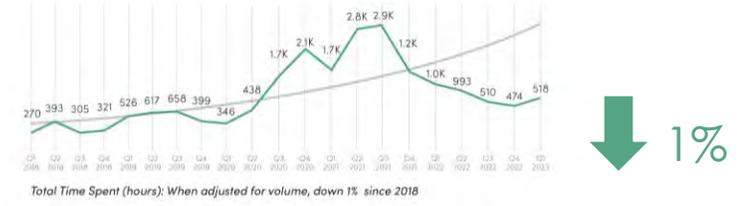

User Interactions

Video Files

Machine-Readability (OCR)

Total Time Spent

Drivers of Complexity:

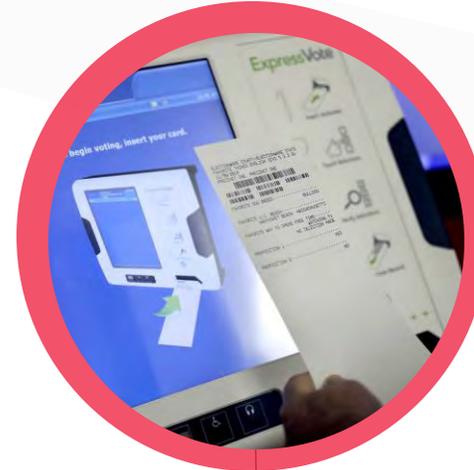

Legislation changes

- New release/retention schedules
- New exemptions
- New reporting requirements
- New types of responsive records:
 - Police personnel files
 - Bodycam video
 - Reclassification of records as now responsive (such as adding state legislature records)

Technology changes

- Email
- Text messages
- Social media posts
- Drone footage
- Bodycam video
- Self-destructing messages

Outside influences

- Pandemic shift to remote/hybrid work
- Extreme weather events
- Election uncertainties
- Police reform movements
- The Great Resignation
- Cyberattacks
- Reduced trust in government
- 24-hour news cycle and fragmented communication channels

Org Structure

- Scale – large, layered organizations
- Diversity – decentralized
- Connectivity – multiple campuses; stringent security requirements for public safety/criminal justice

Complexity Neutralizers

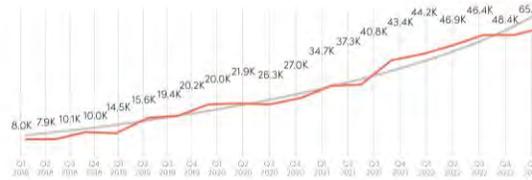

10+ technology solutions that solve the complexities outlined in the report:

Request Volume: Up 94% since 2018

Request Volume:

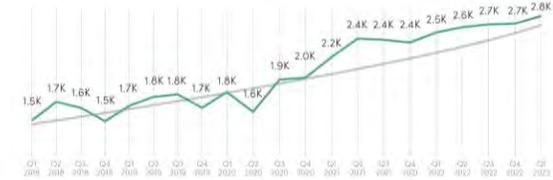

- Predictive Deflection
- Similar Request Linking
- File Reporting
- Search Relevancy

File Size of Response Docs (MB): When adjusted for volume, up 322% since 2018

Size & Quantity of Files:

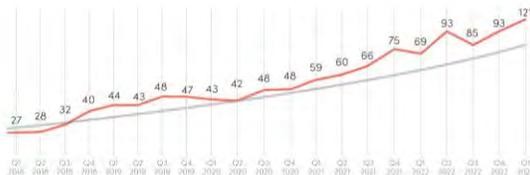

- Bulk Actions
- PST Email Extraction/De-duping*
- Bulk Actions
- Laserfiche Integration
- Recycle Bin

Clarification Emails (count): Up 84%, but down 5% when adjusted for volume since 2018

Clarification Workload:

- Optimized Intake
- Response Templates
- Cancel Customer Message

Video Files (count): When adjusted for volume, up 131% since 2018

Video Files:

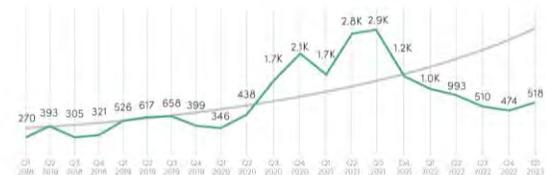

- AI-enabled Video Redaction*
- Delete Folders

OCR Processed Images & PDFs (count): When adjusted for volume, up 50% since 2018

Machine-Readability (OCR):

- Image Convert-OCR*
- OCR All Pages

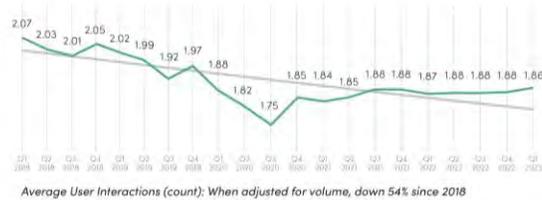

Total Time Spent (hours): When adjusted for volume, down 1% since 2018

Total Time Spent:

- Automated Workflows
- User Preferences: column chooser

Complexity Neutralizers

The key is configurability!

User Interactions & Overall Complexity:

- *Teams/Groups*
- *Subrequests*
- *Automated Workflows*
- *Configurability*
- *Guided change management*

Fix design of this page – add icons for text for readability

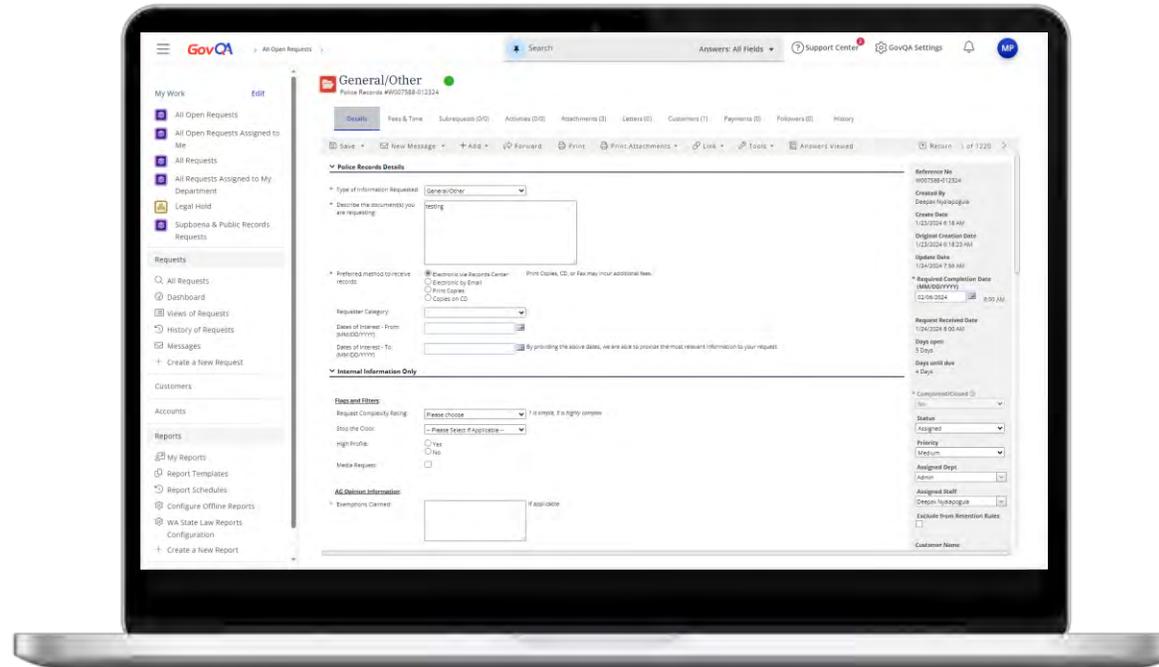

Best practice guidance, workshops, and training from consultative partners.

Team of full-time implementation specialists with expertise built from many years of serving our diverse customer base:

20 years of 100% gov focus, 900+ accounts in all 50 states, 99% retention, 30% with us 10+ years.

Guided change management with one-on-one attention from implementation to go-live and beyond.
